

I BEE-lieve in YOU!

The bumblebee is one of the most amazing creatures in nature. According to the principles of aerodynamics, it's chunky little body, combined with ultra-weak wings, should NOT be able to fly! It should be hangin' around the hive, not discovering and pollinating the world. The cool thing? The bee doesn't know it's not supposed to be able to fly.

SO IT FLIES ANYWAY!

That's why the bumblebee is Mary Kay's ultimate symbol of determination.

So, don't let anyone convince you to keep your dreams on the ground. If you believe in yourself and let your ideas take flight, you'll be surprised at how far you'll go!
